Mr. Aslam
Recruitment Specialist
Alpha Tech
Naziudin Road.
Islamabad

Dear Ms. Aslam,

I am currently a 8th samester student at International islamic universtiy Islamabad where I am studying Software Engineering.

I am interested in the MERN stack web developer Intern position at your company and my experiences with Web development have left me eager to gain additional hands-on experience in the field.

I am a responsible, motivated, and a quick-learning individual and have been praised by clients for my customer relation skills.

I have a wide range of experience as a result of the modules I have studied and adapt well to the business environment.

On consideration of my CV I would be interested to meet with you at your convenience in order to discuss further.

Thank you for your time and consideration.

Sincerely,

Saad Bin Abid
